

WD, WS RACK CABINET

Fully Assembled Wall Mounted Cabinet

The Fully Assembled Wall Mounted Cabinet is a hot selling product on the market due to its superior quality and competitive price, and its pre-assembled in our factory it ready to use after delivery.

Advantage

1. The pre-assembled wall cabinet uses high-quality cold rolled steel to make its frame, and it can be fixed to walls conveniently since there are mounting holes at the back side.
2. Our wall mounted rack has a welded structure, so it is very sturdy and robust.
3. Lockable side panels and front door offer extra protection for expensive hardware and discourage unwanted access.
4. There are cable access holes on the top cover and bottom panel, and various optional accessories are available for this wall mount cabinet

Classification

Our fully assembled wall mounted cabinet contains two models which are WS1 and WD1, and these models differ from each other though they share the same advantages as illustrated above. For WS1 wall cabinet, its front and side doors can be opened, while WD1 its front, rear and side doors are all openable for easy access to components inside.

WS1

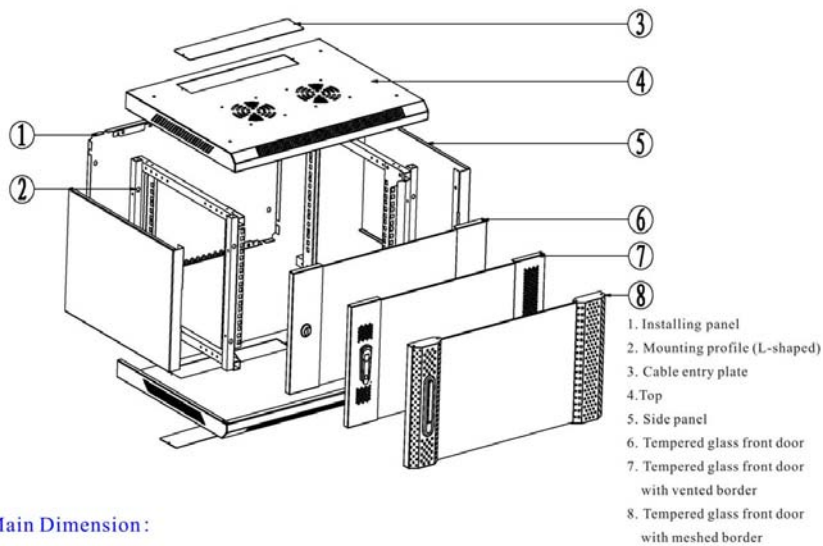

WD1
